Break loose with Ansys Primer™!

With Primer PDF Viewer, you can view important documents intact –with all the graphics, fonts and formatting– as a PDF file on your handheld device.

Take architectural drawings, technical manuals, desk references and more with you on your handheld. Without being weighed down.

Lighten your load with Primer. [[link to product page](#)]

ABOUT ANSYR

Ansys Technology Corporation makes the only universal document viewer that gives you immediate and secure access to vital information on your handheld device –whatever you need, wherever you need it.

Our product, Primer PDF viewer, currently runs on Windows CE, Pocket PC and Palm operating systems and will soon also run on the Linux and EPOC operating systems.

Ansys is a member of:

- Palm Solution Provider Program
- Adobe Solutions Network
- Windows-powered Pocket PC Launch Partner

Our expertise in technology and development is based on years of successful product development –across a spectrum of industries. Our development team consists of software designers and engineers experienced in PDF-related software as well as handheld computer applications.

PRODUCTS

Primer PDF Viewer

Ansyrr Primer PDF Viewer gives mobile professionals secure, on-the-spot access to vital information on handheld devices. Now, anytime you're away from your desktop computer, you can access essential documents and reference materials on a handheld device --at meetings, on service calls, while traveling, or with customers.

Learn more about our site licensing programs for 20 or more users --contact Russell Smith.

JOB

Come Work at Ansyrr

Ansyrr is an innovative startup company that extends the flow of PDF documents to handheld devices. But if technology alone isn't enough to entice you, Ansyrr also offers a solid benefits package that pays 100% of our employees' premiums for medical, dental, vision, and life insurance, plus short- and long-term disability.

What about a generous stock option package with a short 3-year vesting schedule? It's standard fare for all Ansyrr employees. Plus a 401K program with generous company matching. We also have monthly open forums and company-sponsored activities.

It's a fun and casual environment with opportunities and challenges, where innovation and new ideas are applauded. Basically, it's a great place to work. So come join us today.
